Iam thinking about you how you handle things you not just smart you are a genius and tuff as nails with your calm voice and that smile on your face you could go through steel i honestly new that about you but you have surpassed my expectations by far and the most genius thing you doing is you going to Denver personally i would never thought of that you leaving no chance to any wholes or mistakes you are in full control of things i have nothing but love ❤️ ☐ and respect for you iam very smart guy with an accent but you are impressing the hell out of me and i really know in the bottom of your heart you also protecting me you don't want any harm to come to me just in case even though we both know iam clean as a whistle you know me for 40 years and iam still working iam a money machine loyalty to both of us comes before religion this the first time i ever put someone else next to me when comes to loyalty and between us Ozman can't shine your shoes 🦶 on his best days but i just happened that i love the guy like son i always did i spoke to you to day from the heart i love you please don't get mad i had to say what i said because this is who iam its hard to change

I want you to call investigator Vincent Spampinato. I want him to meet and compile a report about everything that happened. This will provide background directly from you for the search warrant. His number in ([REDACTED]) Call him. He's around today. You can meet in the office. I'm out today. He's a good guy.

[REDACTED] **January 23, 2023 9:39:45 AM**

Ok you got it

[REDACTED] **Rossenwasser Stew**

January 23, 2023 12:36:51 PM

Did you speak with him?

[REDACTED] **January 23, 2023 12:43:12 PM**

Yes iam waiting for him in Newburgh out side Sc office on Broadway parked waiting for him to see me any instructions

[REDACTED] January 23, 2023 4:17:24 PM

So he has two accounts out side the country so what Martin thinks now if the account are large enough so it pays for him to take of and call it a day so as i think you have to freeze his passport so he can't leave the country also you have to complicate his mother so he will know it's not only him but his mother they come out together or drawn together now the only way to get to those accounts is through him or his computer so the charges has to scare the shit out of him you to solve this problem through him even though the FBI is going to be involved but the best way to solve the problem is through him when you arrest him what are the countries that we talking about i know you already ahead of me the guy said there is no better man than you for this job

[REDACTED] **Rossenwasser Stew**

January 23, 2023 5:31:42 PM
